# Paige Ulrich

**About me** Hard working, responsible and disciplined Marketing student with a variety of work experience and a broad range of skills. During children's early childhood years I broadened my skillset through seasonal and temporary job positions, volunteer work, as well as freelance and self-employment ventures. These jobs and ventures provided me with a plethora of experience in problem solving, organization, marketing, advertising, customer service, team building, efficiency, emergency management, multi-tasking, caregiving, writing, editing, typing (70 wpm), word processing, Excel, budgeting, fundraising, scheduling, conflict resolution, teaching, curriculum creation, tutoring, nutritional meal planning, minor repairs, and elder care.
