

Final Exam, Winter 2021/22
Foundations of Linked Data
(Duration: 60 minutes)

Last Name: _____ First Name: _____

Matr.-No.: _____ Table No.: _____

I confirm that I have read the following notes and that I have checked the completeness of this exam (pages 1-5).

Signature of the above-named exam attendee

Notes:

1. Please fill in your last name, first name, matriculation number and table number legibly.
2. No additional materials are allowed.
3. Attempts of deception lead to a disqualification from the exam.
4. Unreadable answers or answers written with a pencil can be disqualified from the evaluation.
5. You have 60 minutes to complete the exam.
6. You may answer in English as well as in German.

Only for the examiner:

1	2	3	-	-	-	-	-	-	total
(4)	(6)	(8)							(18)

Question 1.

(4 Points)

/ 4

This is a quiz. The quiz environment is a simple way to add true / false questions.

	True	False
Each statement gives the same number of specified points	<input type="checkbox"/>	<input type="checkbox"/>
It is possible to add a learning goal to each statement	<input type="checkbox"/>	<input type="checkbox"/>
This is a true statement	<input type="checkbox"/>	<input type="checkbox"/>
This is a false statement	<input type="checkbox"/>	<input type="checkbox"/>

Question 2.

(6 Points)

/ 6

This is a standard question. The points of all questions, quizzes and tasks are automatically added together and are displayed on the cover sheet.

```
@prefix : <http://www.wiso-coffee.org/blog#> .  
@prefix rdf: <http://www.w3.org/1999/02/22-rdf-syntax-ns#> .  
@prefix rdfs: <http://www.w3.org/2000/01/rdf-schema#> .  
@prefix xsd: <http://www.w3.org/2001/XMLSchema#> .
```

Question 3.

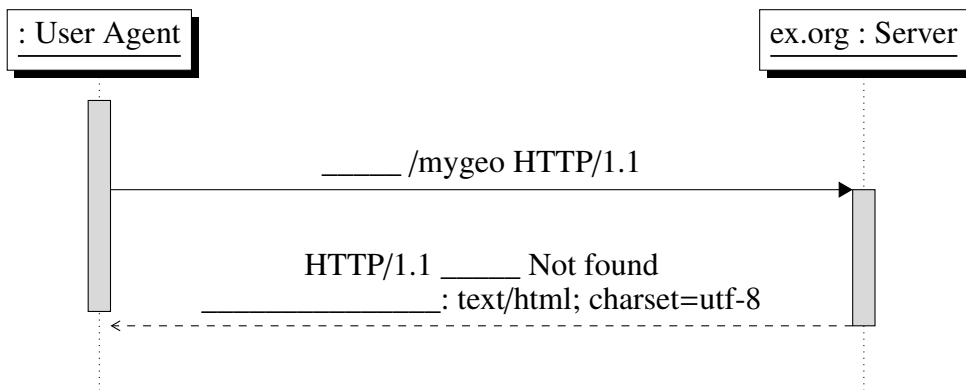

(8 Points)

/ 8

This question is a task with two subtasks. The points of the subtasks are automatically added together to calculate the tasks points.

(a) This is the first subtask.

/ 6

(b) This is the second subtask. Just as with every question or task, it is also possible to add learning goals to each subtask.

/ 2
