Certain commercial entities, equipment, or materials may be identified in this document in order to describe an experimental procedure or concept adequately. Such identification is not intended to imply recommendation or endorsement by the National Institute of Standards and Technology, nor is it intended to imply that the entities, materials, or equipment are necessarily the best available for the purpose.

60 Glossary

Delete if not applicable

1. Introduction

The chrysanthemum can be seen in Fig. 1. You can learn more about flowers in Refs. [1–65 15].

66 1.1 All Subsection Headings Capitalized

This can be seen in Eq. (1) and Table 1. Information about flowers is available in Sec. 1.¹

$$x^n + y^n = z^n \tag{1}$$
